The yield cannot be provided in the Final Terms because the Bonds are issued on tap, and the yield depends on the price and transaction date.
<i>Rights attached to the securities</i>	In the event of bankruptcy of Realkredit Danmark A/S, Bondholders will rank before unsecured creditors (subject to certain costs of administration of the estate etc.) in terms of assets in the capital centre where the Bonds are issued, and also to Realkredit Danmark A/S's other assets. The terms of the Bonds are governed by Danish law.
<i>Relative seniority of the securities in the issuer's capital structure in the event of insolvency, including, where applicable, information on the level of subordination of the securities and the potential impact on the investment in the event of a resolution under Directive 2014/59/EU</i>	If a mortgage credit institute becomes insolvent, the Danish FSA may file a petition in bankruptcy. After a bankruptcy order has been issued, funds cannot be transferred between capital centres and the General Capital Centre. The amount for which holders of ROs and SDROs and other securities have secured creditor status equals the assets available in a capital centre from time to time net of allocation of income and expenses. If an institution is declared bankrupt, capital centre funds, less costs incurred in connection with bankruptcy proceedings, etc., including liquidator's fees, salaries, etc., will be used to satisfy claims notified by holders of ROs and SDROs and other securities. Covered next is debt raised by the mortgage credit institute for the purpose of providing supplementary collateral, cf. section 27 of the <i>Mortgage-Credit Loans and Mortgage-Credit Bonds etc. Act</i>, for the relevant capital centre and claims for interest on such debt accrued from the date of the bankruptcy order. Pursuant to section 32 of the Bankruptcy Act, any excess funds will be included in the assets available for distribution.
